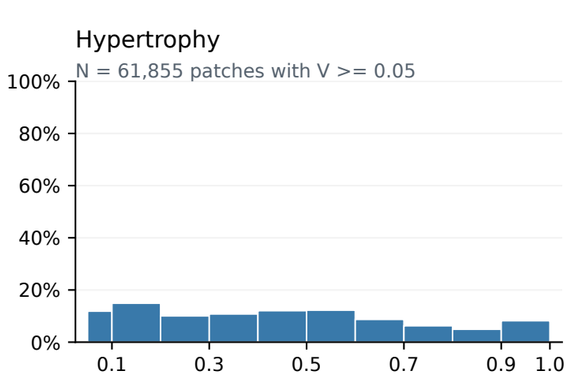
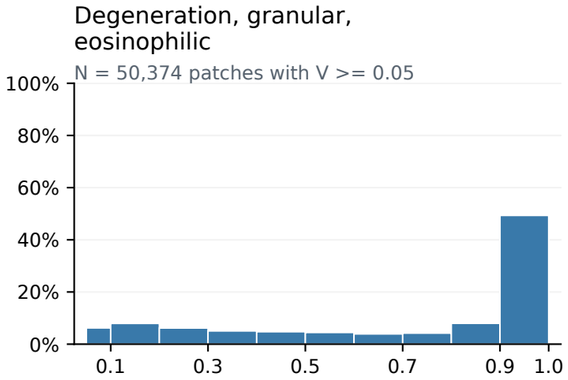
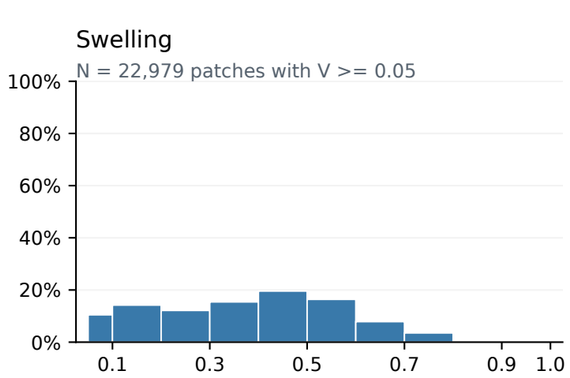
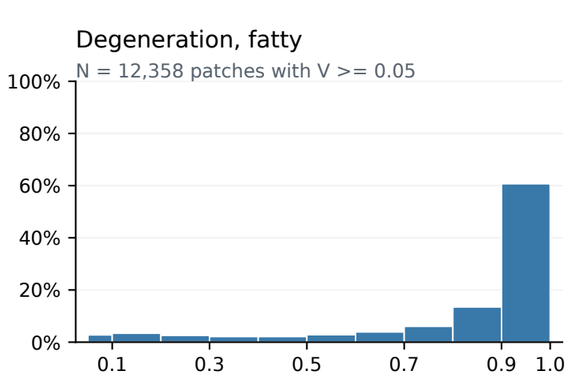
VoteFraction distributions by most-voted finding

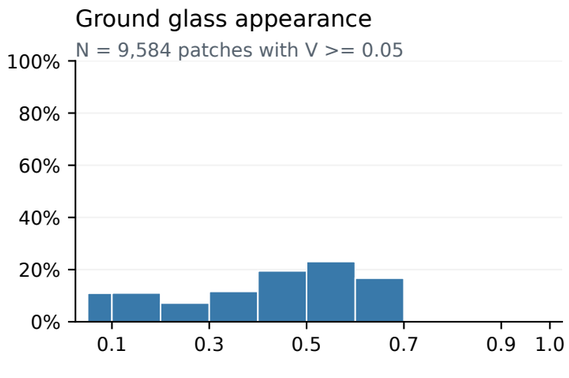
Fraction of displayed patches within each finding (common 0-100% scale) | 110 runs | 17 reviewed findings

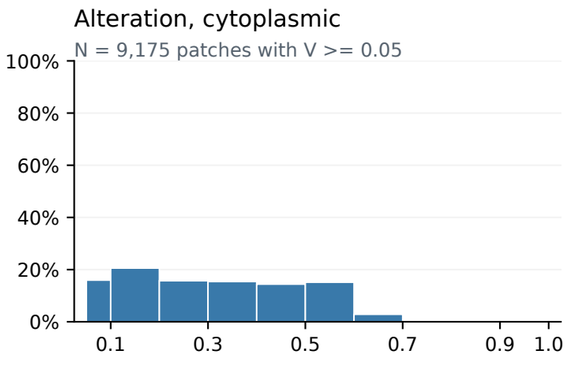


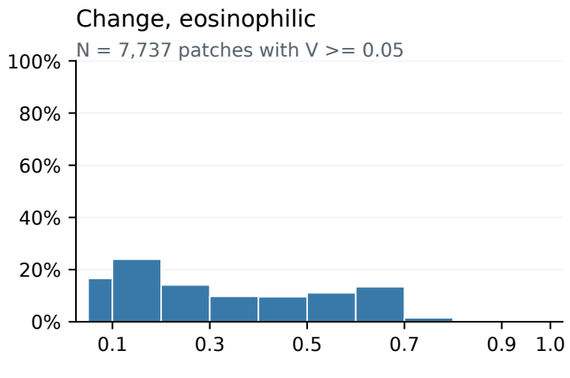


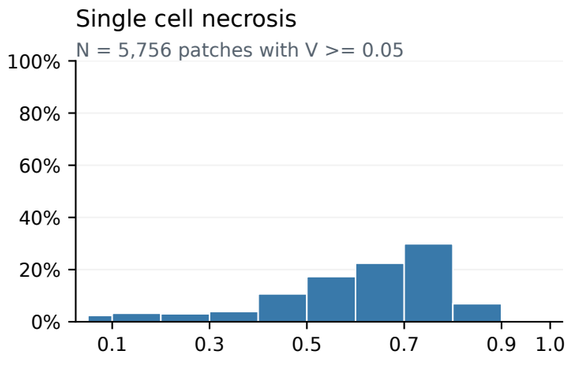


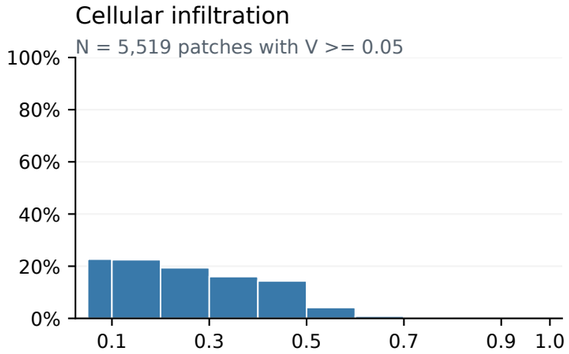


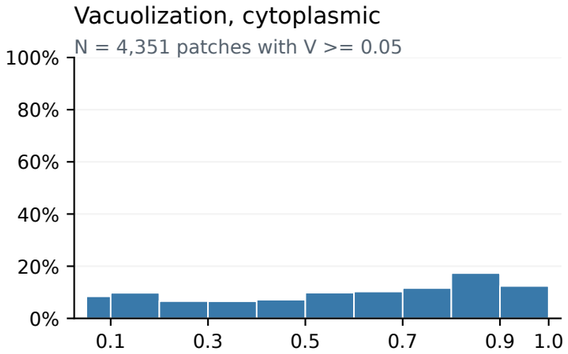


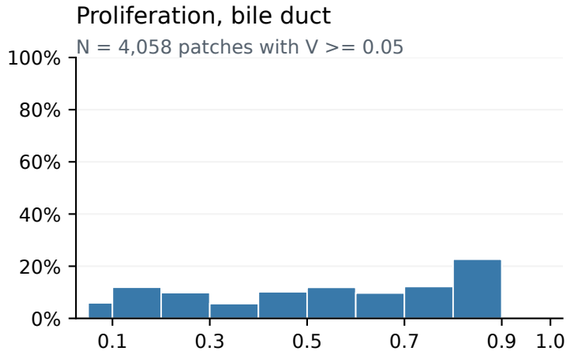


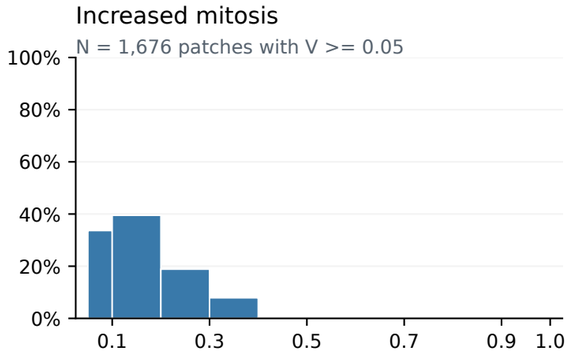


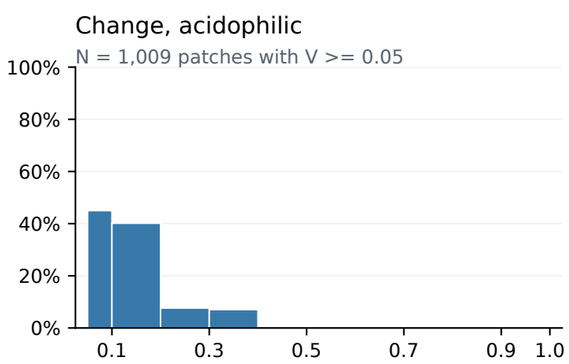


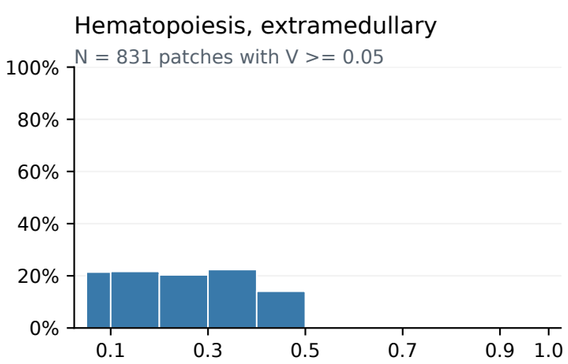


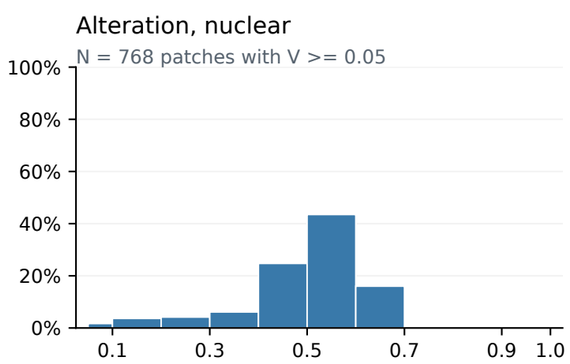


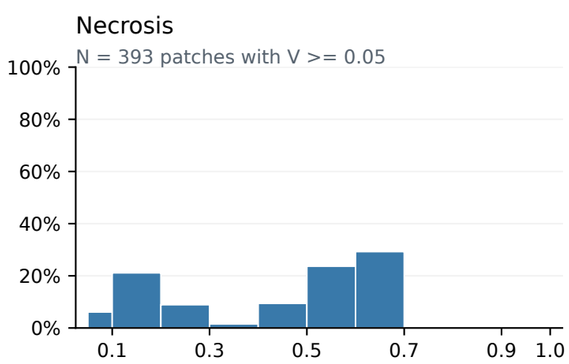


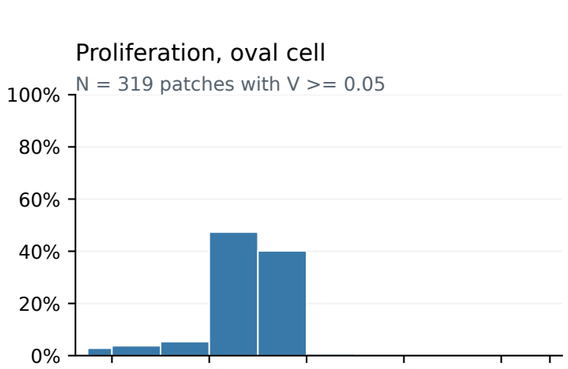












VoteFraction = maximum votes for one finding / 110

Only V >= 0.05 shown. Findings with fewer than 100 patches at V >= 0.1 are absent. Last bin includes V = 1.

Fixed 1M-patch reference sample, eligible slides only. Finding names are run-vote associations, not patch-level diagnoses.
